

A demonstration of God that our confession of faith goes to another person or it does not work!

Years ago we started taking declarations or confessions of faith on the Take His Heart site.

We took them using “yes” and “no” answers which were saved on the server.

The confessions would collect thru the month.

So we changed the site so it sends out confessions to our mail boxes every twelve hours. We then acknowledge the declarations of faith that have come in when we open our e-mail.

(This picture is true for both spoken and written declarations of faith!)
