Holding a convocation meeting according to scripture.

Last Great Day Assembly

The Lord had us pull out and wipe off, casting down negative words that had been spoken to each person. We broke their power in the name of Jesus while stomping on them. We sent them into the dry places. With these instructions RS had seen the Lord enter the laver. Understanding: The Lord said His words are spirit they are life! The enemies words are spirit but bring death. (The reason for wiping them off. Some people have been beat up with negative words.)

My people / teach My people / free them / My chosen, harvest / gather in Our harvest / be not lax, be not lax / gather in the saved and the unsaved / they must be taught / truth after truth after truth / get their feet on My solid ground / all positions working together to teach / orderly, everything done in order / let not the archives go by the wayside / protocols, overlook not My protocols / My chosen, remember you are equipped / stay on task, stay on task

BL, "Power / fused / man has not understood the dynamics of My Power / the magnitude of what I am capable / man has harnessed a small fraction / My Chosen, My Chosen you must stay under My shelter / no one will be able to withstand without My shelter / (saw the Red gavel) / My gavel shall soon fall / My Chosen, My Chosen, so many, many yet to save / so much yet to do before the chaos / put your hands on these words (did) / not yet, not yet, declare not yet (did) / momentary reprieve / Bride, We must work with full intensity"

JUDGEMENT ROOM/HOLY PLACE:

Thanked and Praised Him with Hallelujahs & Rejoicing. "glorious parade of souls, glorious parade of souls / Hallelujahs, Hallelujahs, Hallelujahs / gather in" Closed circle. "battle / unified front / battle / unified front / positions in place / trust Me" Hands up in Praise & Adoration of JESUS, & offering up silence. "I put My trust in you" (many many times, HIS trust was very heavy, so much of it.)

THRONE ROOM/HOLY of HOLIES:

"see beyond / work with Me in this beyond / Our working realm / not all have access / My trusted ones, My trusted ones / glean for the parade, glean for the parade / My Chosen, My Chosen, pay attention / miss not My revelations / you must not overlook / come before Me in complete honesty / this must be, dire / trust Me, trust Me, trust Me / much relies on Our complete open trust / Bride, Bride, Bride (many times) / yield all to Me / you must be pure / yield totally, absolutely everything to Me / nothing can be held back / purity realm, purity realm, purity realm / stripped clean / time, time / let it not pass by / both your hands in Mine / come forth, come forth / eyes focussed on Me / total trust given to Me / come"

Condemn not / allow it not / let not enemy words stand / must be pulled down / refuted and destroyed / permit no evil seed to grow / Bride, be not lax / Bride, aware, alert, aware, alert / this must be / tend My way / hurt not the babes / correct with simple truth / follow My examples / make legal corrections / all must be legal

(10-31-2016 New Moon Meeting - 35 min of pure silence)

DP - Circled up & washed at the Laver. Circled tight, becoming one.

RS - Sounded the SHOFAR 3 longer times to open the meeting.

DP - On the last SHOFAR blast he instantly saw a large white, bright light that was overhead and blinding. Out of that light he saw angels beginning to appear/ Power building / absorb (Your Bride chooses to) Be it so (Hallelujah) vital

BN - Powering up

RS - He heard silence, silence, silence right off. About ten minutes into the silence he saw horses that were moving in a way he did not understand. One was white. Finally he realized there was a battle going on.

DP - Around 8:24 pm (7:24CT) he began to see that white light in the room (Guess it goes without saying he believes that white light was the Lord.) It was like We were standing in the midst of that light, possibly absorbing it.

LW - She heard, "a bowl of fruit for each." And later, "things are looking up." This was all in the mid to late 20's of minutes.

DP - The 1st couple angels he saw had swords in their hands.

MM - Towards the beginning she saw beautiful purple. Later she saw herself as that young girl on her knees before the throne. At the end she saw a rectangle of red.

LC - Something just occurred to him. With the battle that's going on, DP just mentioned that it's so peaceful. The LORD's battle brings peace. It's part of the aspect of peace he's felt for a long time. Like the LORD's love. He knows there's more to it than he used to think but he doesn't understand it all. And he's not talking about a battle that produces peace. He's talking about a battle that is peace.

RS - When DP asked if he could speak RS saw a horse with a person on it with a banner (a little flag) on a single pole on the left side.

RS - Final blowing of the SHOFAR, 3 long blasts, to close the meeting. ADJOURNED.

DP - When RS blew the SHOFAR on the first blast he saw the angels ascending back up into the heavens (in the clouds).
