5-31-2017 Kingdom Government Meeting

Report:

The Lord told me a long time back that no matter what happens do the protocols.

So we as a Corporate Body did a corporate meeting in **complete silence** doing all the protocols.

The meeting lasted about 40 minutes just around 10 minutes shy of a normal meeting.

After the Meeting a watchman reported hearing in the Holy Place, "**The war is raging.**" This reminded me of the time when the Lord showed me He was working in another country during our silence in the Holy of Holies. It also reminded me of the second thing the Lord taught us about silence, "Silence is warfare!"

This watchman also heard in the Holy Place, "**Revival!**"

I hope this demonstration helps everyone to understand how important the protocols are and how important silence is.

Peace and Blessings everyone. - Roy
