

## An Army of Doers Ruled by Simplicity

On **March 28, 2021** I had a scene in the night where I was waiting on people to put up their own legal words. I finally decided I had to do it for them. Then I had a second scene where I was putting up colorful words by hand. With the second scene I understood the Lord's message. It was because I had not obeyed the Lord yet concerning what He told me on **3-7-2021**. I knew it was time to work on this article!

### Meeting 3-7-2021 - RS

HH - Relax / be mindful of Me and what I am doing / assemble Me an army of doers / an army ruled by simplicity / give them the tools of combat releasing people from hidden chains / the objective is Heaven for every believer / sad to say there are and have been many, many of My true believers who never found the mechanics of eternal salvation unto eternal life / be cunning as the enemy when providing the ways, the many ways to declare one's belief / be at peace and let the truth flow / amen / be cunning as to get people saved against their own will, their own devices / they will thank you later

30 min - I have shown you ways to overcome the high minded / expose and perform saving many / have you not in your duties snatched believers away from the enemy? / yes / well, teach people how to do it in the physical / practice what you teach / be aggressive on all fronts / coins of change, coins of change, coins of change / remember it's Our day! / time / You have believed in the Lamp-Stands therefore you shall reap from them.

I remember when the Lord told me I would be surprised at who was in Heaven and who wasn't! I also remember the Lord saying, "Don't go into any church thinking the Pastor is saved!" So we begin to see the seriousness of the situation and why the Lord said, "The objective is Heaven for every believer!" To understand how all of this is true and not a good situation: A person is, you are, the sum total of your experiences. That is the first thing the Lord ever said to me when I was only 7-8 years of age. As I grew up, going through High School and serving on the Board of Education I was able to see and understand that what God had said to me was absolutely true. Every human being on this planet is the some total of their experiences.

Applying this to all the churches in the world we see some of how church doctrines, right or wrong, perpetuate themselves. A person believes things simply because they grew up in them. They don't question what they believe! This reminds me of when the Lord revealed to me that I was living in a fantasy world. I had it in my head, at a young age, that the Lord created different types of churches, denominations so people had a choice of which one to belong to. I came to understand that the enemy was the author of those thoughts.

We first must understand there is no condemnation from the Lord or ourselves because of learning these things. The Lord understands all the reasons. I know after I was shown how a person's spirit was born again through a proper declaration the Lord said

to me, "It took Me three years to convince you of what I showed you in the beginning. How long do you think it would take for me to convince XXXXX? (A well known preacher.)

This brings us to what the Lord said, "The objective is Heaven for every believer!" and that He wants, "an army ruled by simplicity!" Through the years the Lord has taught us simpler and simpler forms of declarations of faith, always demonstrating them to be correct by the person revealing something happened inside of them, usually crying and not knowing why.

The simplest declaration you can use with another person is asking them, "Do you believe God raised Jesus from the dead?" Of course you want a yes answer. This type of confession or declaration establishes who Jesus is and who God the Father is. The Holy Spirit is involved creating a born again spirit in the person the instance the person says, "Yes." This type of confession works the "Keys to the Kingdom of God" and one of the Lords "Covenant Promises!" All of this happens in a moment of time. This can happen anywhere, any time, on streets, at work, over the phone, in a boat, etc. It's the simplest work a Christian can work for the Lord to add to His Kingdom and eternity.

This brings me to what the Lord said here, "be cunning as to get people saved against their own will, their own devices!" Someone once said there are 600 plus ways in the world to get saved. The Lord revealed **there is only one way and the way is narrow, but He made it so, so simple.**

The will of man enters into this situation big time along with all kinds of doctrines. You have to have a priest do certain things, baptism in water and repeat after me prayers are easy ones to recognize in our time. One way of "being cunning" as the Lord said to be, is to simply draw a confession from any person who believes "water baptism," "repeat after me prayers" or a priest can save you unto eternal life. You don't need to teach them differently or explain what you are doing. Simply say, "**Aside of any church affiliations, do you believe God raised Jesus from the dead?**" If they say "yes" you can go on with the conversation or walk away smiling. Walk away knowing the Lord said, " Get them saved, then I can work on them from the inside." Referring to a born again spirit.

We don't need to teach people how the Mechanics of Salvation really works to get them saved unto eternal life. An evangelist standing before people, any amount of people, can say, "The Bible reveals we should not lose our confession. I'm going to ask all of you a question and I want you to speak your answers to me. Then we will be silent for a while listening to the Lord." If someone starts crying or seems upset in any way the evangelist can speak to them asking them what's going on inside them. They are probably going to say they don't know in some way. It's a good time for the evangelist to tell people about this person's spirit being born again and teach them how it happened. Saying, "Jesus said a person's spirit must be born again." He just

demonstrated to you that's what happened with this person and He wants you to understand how simple it is, etc."

Another example: If a person in a conversation mentions the Lord or God in some way, you can break in saying, "So you believe God raised Jesus from the dead," waiting for an answer. They will tell you "yes" or "no" and probably go on with what they are saying. You can grin knowing what just happened. They don't need to know. It's crafty, but as the Lord said, "**the objective is Heaven for every believer!**" The Lord also said, "**they will thank you later**," meaning in Heaven or here if they learn how it really works and realize the problem.

Do we love people enough to snatch them from their own will of belief and the enemies devices? It's up to us whether we are in the Lord's army of simplicity as He desires!

The Lord's Words speak best:

Relax / be mindful of Me and what I am doing / assemble Me an army of doers / an army ruled by simplicity / give them the tools of combat releasing people from hidden chains / the objective is Heaven for every believer / sad to say there are and have been many, many of My true believers who never found the mechanics of eternal salvation unto eternal life / be cunning as the enemy when providing the ways, the many ways to declare one's belief / be at peace and let the truth flow / amen / be cunning as to get people saved against their own will, their own devices / they will thank you later

30 min - I have shown you ways to overcome the high minded / expose and perform saving many / have you not in your duties snatched believers away from the enemy? / yes / well, teach people how to do it in the physical / practice what you teach / be aggressive on all fronts / coins of change, coins of change, coins of change / remember it's Our day! / time / You have believed in the Lamp-Stands therefore you shall reap from them.

Amen
