Sabbath Judgment Meeting, February 4, 2021 - MC

Delve deep. See the coming fruition of My glory, for truly I say unto you, the nations shall see it. Many shall seek, many shall seek and come by highway and by other modes of transportation to see My glory. My Hill was predestined and fashioned by the work of man's faith to bring it forth. I am soon to add My faith to it and a mighty explosion will occur. One of many explosions that shall shake what hasn't been shaken and new life shall shoot forth even as a vine cast forth its fruit to the branches. My word is the carrier of predestined fruit I will to My Children. The word shall go forth according to the power of My will and that which was barren, that which was lost, that which was afflicted and tormented, that which was impoverished, that which was weak, that which was in despair, that which was sick shall receive new life and be healed.

My Hill shall counter and overcome all the enemy's encroachments, for I have set a hope before the nations that cannot fail. I have strengthened that hope in power and fortitude and who can stand before Him? A hope that shall meet all the people's needs that I have strengthened. I will thunder over My Hill. With mighty claps I will thunder against all her enemies. Those who have ears to hear will hear and those who have spiritual eyes to see will see. Be prepared for My demonstrations and for the testimonies that will follow them. Take the wooden staff, Child, and declare what I would have you declare. These are My Hallowed

Declarations:

Declare that the highway that stretches from Wellington to Oxford is now hallowed. Declare that the land surrounding this highway to the north, south, east, and west is hallowed to a 1,000 acres on all sides. Declare that all that rest upon this highway and lands are hallowed, for all shall be hallowed for My Holy demonstrations. It is a hallowed circumference I will to perform in and it shall come to pass that this circumference shall grow. Take the wooden staff, Child, and hold it to the north and declare these My Holy words. I took the wooden staff and held it out towards the north and declared as the Lord commanded me.

"I declare all these Hallowed Declarations of the Lord! I declare that the highway that stretches from Wellington to Oxford is now hallowed. I declare that the land surrounding this highway to the north, south, east and west is hallowed to a 1,000 acres on all sides. I declare that all that rest upon this highway and lands are hallowed for all shall be hallowed for Almighty Yahweh's Holy demonstrations. I declare that this is a hallowed circumference the Lord wills to perform in and it shall come to pass that this hallowed circumference

shall grow! I legally AAI all of these Hallowed Declarations with the legal authority of Your name Yahushua! Halleluyah!”

Testify, testify, testify. Testify as I lead you to all who come across your path that what has been spoken here today be made known. For there is nothing too hard for Me. Adjourn the meeting.

Note: As I was kindling the wooden staff I saw a map to figure out how big this circumference is around Highway 160 that stretches from Wellington to Oxford so we could have for our records. I figured Larry could work on this.
