Revelation chapter 9

Sabbath Judgment Meeting, November 12, 2019, MC

A great shaking will soon begin to happen in Israel. Write My holy words, Child. A great shaking of reformation for both good and evil. They will try to lay a new cornerstone, but it will be not of Me.

Its foundation and corner shall buckle and be revealed unto all nations. Israel that shall walk in My light. I will shepherd them. I will lead them in the way which is right. But those who reject Me and trust in a cornerstone that is not of Me, their building shall be in vain. Their corner shall be uneven and it shall perish. They will put their hands to work to a false builder, but their intentions shall be their demise. Their intentions has blinded them from the truth. Their stone and mortar shall perish from the cornerstone they have built upon. I, the Lord of Hosts, will bring its desolation and reveal the mystery of lawlessness that works within it. Their work will be in vain and they will turn to rest in the comfort of lies. But this work shall also bring many people out of delusion. My hammer and chisel working what was meant for evil into good.

To begin with, I will share a night vision the Lord gave me. In this night vision the Lord began unfolding what He was about to start revealing to me concerning the construction of the Third Temple.

Scene, October 15, 2019

I was riding in a four door car (Olive green Nissan Maxima) with Roy and Faith, but I was driving. We were driving down roads in Lebanon, TN. The scene changed and now we were driving down another road and I knew we were going to see Bridgette. I did not know what exit she lived off of or where to go so I pulled over in this parking lot area off the road. I drove across the parking lot and backed the car into a parking spot. I was looking at my phone when the scene suddenly changed to me looking at another place across the world, like having a vision within the dream. I saw a headline at the top in bold black letters. It quickly passed before me, but I was able to read the headline enough to see it dealt with the Third Temple beginning to be built. I was told a few changes were made in the construction of the temple. Whether inside or outside, I'm not exactly sure. I understood this was done for the Antichrist because the reconstruction of the Third Temple could not be exactly like the original temple Solomon built for the Lord. This dealt with legal matters in the spirit realm. I saw large equipment erecting these large statues of different looking people on top of these very high structures that appeared to be columns. These columns looked very thin. These statues of different people on top of these columns were being erected in front of the construction of the Third Temple. This was warning people that there was to be silence inside. I also saw a large statue of an angelic being that was gold in color and also had large wings on its back. They were using a large piece of equipment to erect the statue of this angelic being on top of a column in front of the Third Temple also. There may have been more of these angelic statues, I'm not sure. I saw the wings of this angel cupped behind the back of the angels ears as if to be a sign to the people who entered the Third Temple to be silent and listen. I knew this was a big prophetic event that was taking place. I came out of the vision in the dream and I was back in the parking lot. We were now in the car and I was about to tell Roy what I saw concerning the rebuilding of the Third Temple. End of scene.

A lot of this dream really needs no interpretation. The symbolism of going to see "Bridgette" deals with the Lord wanting me to "bridge" this information to people so they can see the truth of the matter and what is coming. This will begin to happen sometime around Spring time because of the symbolism of the olive green Nissan

vehicle. Concerning the Third Temple being built a little differently than the Temple Solomon built for the Lord, I understood this had to be done. This deals with legalities in the spirit realm. Satan is a copycat. The Lord told me years ago, “**Jealousy is a copycat.**” These building changes may be very minute and hard to discern, but I assure you they will be done! It is no different than trying to spot a counterfeit bill from the real one. The difference in the counterfeit and original are very subtle and hard to spot, but the difference is there! In my meeting that morning the Lord dealt with me about end-time signs and triggers that have to take place for end-time events to come forth.

My Signs

Meeting, October 15, 2019, MC

Watch for My signs. My signs are triggers also. Triggers to end time events. Signs of indication and progression. Signs of tragedy and woe. But all these things must needs be. My signs, My signs. They are coming about. Some big and some small. Reserved signs for reserved hours. I have reserved My signs for the time of their revealings to mankind. See them, see them, see them when they reveal themselves. Some signs will be to you directly, Child, and some signs will be for world events.

At the time of receiving these things of the Spirit I understood that the rebuilding of the Third Temple was now upon us. This would also be an end-time sign that would trigger end-time events. God revealed these signs are signs of indication and progression, but also of tragedy and woe. The Lord told me He has a day and hour for everything, including His reserved signs for the time of their revealings to mankind. The Lord wants us to see these signs when they come about! We are not to be ignorant of the times! These signs include world events! I will say that a sign directly to me did come to pass the next day, but Satan was already there to counter me seeing it! Understand that Satan does NOT want us to see or understand the signs God reveals and manifests to us. We are not to be as the religious leaders in Jesus' day who “thought” they already knew and were rebuked:

Matthew 16:1-3

The Pharisees also with the Sadducees came, and tempting desired him that he would shew them a sign from heaven. He answered and said unto them, **When it is evening, ye say, It will be fair weather: for the sky is red. And in the morning, It will be foul weather to day: for the sky is red and lowering. O ye hypocrites, ye can discern the face of the sky; but can ye not discern the signs of the times?**

The Lord continued to deal with me in the night about the rebuilding of the Third Temple and what this end-time sign will trigger. Exactly eleven days later the Lord gave me another scene in the night.

Scorpions

Scene, October 26, 2019

I was looking at a group of men working outside. It was dark outside and I heard one man speaking, and his accent was northern. I knew he was from up north. I heard this man telling certain men what to do for the job they were doing outside in this area along the roadways. As I continued to watch I was now looking at three of these workers sitting together in an intersection. My attention was drawn to the man who was in charge. I saw they were all sitting down resting and the man in charge had a bag of Cheese-Its he was opening to eat. As he set there eating from his bag, I saw a black scorpion crawl up his hand. This scorpion stung him and he felt it and shook the scorpion off. I saw this caused him pain. Then I saw two more scorpions come crawling up his hand again and stung him. I saw these three men stood up to see where these scorpions were coming from. I saw right underneath where they were sitting was cracks that went out from the opening in the intersection and hundreds of these black scorpions were pouring out of this opening in the earth. I was now looking down on the scene as I saw these scorpions coming out by the hundreds. Everyone else standing around saw all these scorpions come pouring out of the earth and I could hear them gasping.

The scene changed and I was now looking at hundreds and hundreds of these large insect creatures that were around the size of an average human being or so. They had wings and they were flying through the air. It is hard to explain what these

creatures looked like, but they were very hideous looking and looked very much like locusts. I saw hundreds and hundreds of creatures being released, I understood they were released to torment mankind. I also saw among these creatures there were two distinct groups of them. One group was of one color and the other another color. There were two distinct colors among them like they had been separated into two groups. I saw as all these creatures were being released over the earth, I was able to now focus in on two of them flying through the air fighting each other for dominance. This was to the death. One color wanted to be dominant over the other. I watched as they fought for dominance. They killed each other by puncturing the other through the head. In this battle I was watching I saw they both killed each other at the same time by striking one another through the head. In seeing this I understood either one would dominate the other as they both went out to torment mankind, or as they fought each other in the midst of tormenting mankind, one would kill the other, or they would both kill each other in battle.

After seeing this I was standing inside a large building. I was with a group of people who were fighting against these creatures that had been released. I was never harmed or tormented by either group of these locusts I saw. The inside of this building was very elegant looking with large marble stairs and floors, large columns and large elegant railings and spindles. The inside of this building reminded me of a governmental building. I was standing upstairs on the second floor in a large hallway with high ceilings. I saw a man sitting close by who I knew was a part of the group I was in. I saw his mother standing close by as he explained to her what was happening. He told her why these creatures had been released in the earth and he said to her, *"The covenant between the house of David and the house of Saul was broken."* I understood then that the reason these creatures were released from under the earth was because this covenant between the house of David and the house of Saul had been broken. This man's mother could not handle what he was telling her because she thought this was all going to happen completely different. I knew she was a part of the group and was going to help, but now she was crying after realizing things were happening way differently than she ever thought and she could not handle the reality of it. This woman was overweight and had short curly hair that was on the gray side. She had on a casual looking dress with low, high heel shoes on. She could not handle being involved in this work with us anymore and she walked off and left. After she walked off I walked over to him and was letting him know, "lets get down to business."

When I came out of the scene I knew this dealt with **Revelation chapter 9**. The Lord continued to minister to me and give me understanding in the things He was showing me.

Revelation chapter 9.

The asphalt intersection where I saw the cracks and the ground split open represents the breaking of ground for the Third Temple. This breaking of ground will be an end-time sign that will trigger the fulfilling of **Revelations chapter 9's** first woe. Why? Because of those who are covenant breakers in rebuilding the Third Temple, which is the covenant that will be broken between the house of David and the house of Saul. Lets look at Revelation Chapter 9's first woe:

Revelation 9:1-12

And the fifth angel sounded, and I saw a star fall from heaven unto the earth: and to him was given the key of the bottomless pit. 2 And he opened the bottomless pit; and there arose a smoke out of the pit, as the smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit. 3 And there came out of the smoke locusts upon the earth: and unto them was given power, as the scorpions of the earth have power...." 12 One woe is past; and, behold, there come two woes more hereafter.

This is a spiritual curse being released over the earth because of covenant breakers. Locust in scripture were a sign of a curse on lands and nations for disobedience to destroy crops and resources needed to live. The woman who left and could not handle what was actually happening represents the harlot Church. The Harlot has her beliefs of how end time signs and timelines are to go, but she is in error! The scene reveals the beliefs of the harlot will be shaken as she sees the true unfolding work of *God's Prophetic Time Clock*. Some will even walk away and leave the work of God.

To recap, the breaking of ground for the rebuilding of the Third Temple will trigger **the first woe** coming to pass as written about in **Revelation chapter 9**.
